The Teflon® brand is Trusted for Quality Worldwide

- ◆ DuPont invented nonstick coatings over 50 years ago and is one of the best known and most trusted brands within the cookware category worldwide.
- ◆ Leading the industry in brand assurance programmes to guarantee the quality associated with the Teflon® brand.
- ◆ Long lasting Teflon® nonstick coating systems means fewer pans purchased, resulting in less impact on the planet. And also less impact on your purse.
- ◆ Teflon® nonstick coating systems are now produced with innovative DuPont™ GenX technology and without the use of PFOA.
- ◆ GenX technology is a more sustainable solution, manufactured with a new processing aid and unique environmental control technologies.
- ◆ The excellent food release of Teflon® nonstick coatings offers easy serving and cleaning, so you use less hot water, less soap and less effort.
- ◆ Teflon® nonstick coatings offers a healthier lifestyle choice by using less or no fat or oil.
- ◆ Cookware can be used up to a maximum continuous temperature of 260°C on all heat sources, and is proven to be dishwasher safe.
